

# Yak Power Products

## YP-RP5R Power Panel Switching System

- Waterproof illuminated control panel
- Waterproof 5 outlet (Bow, Mid ship, Stern, Acc 1, Acc 2) relay switching module
- Master Power button
- Fully potted and sealed design
- 16in main power cord

## YP-RP5-RFM Waterproof Remote Control

- Waterproof 5 button (Bow, Mid ship, Stern, Acc 1, Acc 2) remote
- Fully potted and sealed design
- Includes Yak-Power remote lanyard

## YP-PMC Power Port 12v Outlet

- Yak-Power plug-and-play SAE connector
- Protective Rubber Cap
- Mounting screws
- Requires 3/4" (inch) hole

SKU	Size
YP-PMC48S	48" (4ft) wire
YP-PMC96S	96" (8ft) wire
YP-PMC144S	144" (12ft) wire

## YP-BBK Power Pack Custom Battery Box

- Integrated Master Switch, Power Port, and 4.2A DUAL USB charging
- Holds up to 3 7AH or 2 12AH batteries (batteries not included)
- Built in booted, water tight fuse holder with 15A fuse
- Configurable foam inserts
- 1A Smart trickle battery charger included

## YP-LEDK Complete LED Light Kit

- Completely encapsulated, compression molded, silicone encased LED light strips
- Patent pending, stainless steel, self sealing, waterproof through hull connectors
- UV Resistant
- IP68 - Fully submersible

SKU	Size	Color
YP-LEDK-B210	2-piece 10in LED Light Kit	BLUE
YP-LEDK-B220	2-piece 20in LED Light Kit	BLUE
YP-LEDK-B4	2-piece 10in LED Light Kit 2-piece 20in LED Light Kit	BLUE
YP-LEDK-G210	2-piece 10in LED Light Kit	GREEN
YP-LEDK-G220	2-piece 20in LED Light Kit	GREEN
YP-LEDK-G4	2-piece 10in LED Light Kit 2-piece 20in LED Light Kit	GREEN

## YP-LEDK-BL Complete 2-piece LED Button Light Kit

- IP68 - Fully submersible
- Optional backing nut included
- Integrated 5/8 inch socket head for ease of installation
- 12ft jacketed cable with waterproof connector
- Anodized aluminum, self tapping, self sealing, waterproof through hull housing

SKU	QTY	Color
YP-LEDK-BLB2	2-piece LED Button Light Kit	BLUE
YP-LEDK-BLG2	2-piece LED Button Light Kit	GREEN
YP-LEDK-BLR2	2-piece LED Button Light Kit	RED
YP-LEDK-BLW2	2-piece LED Button Light Kit	WHITE

## YP-BTP Battery Terminal Pigtail

- Yak-Power plug-and-play SAE connector to battery spade connector
- Ring terminal adapters for larger batteries
- In-line booted water tight fuse holder with 15amp fuse

SKU	Size
YP-BTP12	12" (1ft) wire
YP-BTP96	96" (8ft) wire

## YP-ILS16 Waterproof Inline 12v Master Power Switch (16amp)

- Yak-Power plug-and-play SAE connectors
- Red LED backlight indicator
- Mounting bracket

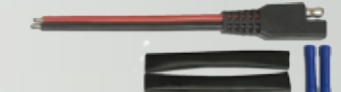

## YP-SAEY Power Plug Accessory SAE Y-adapter

- Plug two Accessories into one outlet

## YP-SAE4 Power Plug Accessory Connector with 4" wire pig tail

- 2 butt connectors
- 2pcs heat shrink tubing

## YP-RP5-CCEXT6 6ft Control Cable Extension

- Easily extends control cable six feet

## YP-BBK-PAK Power Adapter Kit

- For use only when using a battery box atop a kayak

Control the Current

**YAK POWER**

# LIGHTS! POWER! CHARGING!

**Yak Power is 12V Plug-and-Play Connectivity for Your Kayak!**

The Power Plug Accessory Connector allows you to easily connect most 12v accessories to the Yak-Power system.

## POWER PACK BATTERY BOX

The **Power Pack Battery Box** with an integrated Power Port outlet makes it easy to plug in and power your 12v accessories. The built in Master Power Switch, gives you full control of when your power is ON or OFF. The compact waterproof design of the Power Pack will hold up to 3 7AH batteries or 2 12AH batteries while still being small enough to stow away in many hatches. And, the integrated, external DUAL USB charging port will insure that both your mobile device and outdoor action camera have all the power they need. The Power Pack also comes with a home battery charger that will maintain your batteries. Batteries not included!

## COMPLETE 2 PIECE LED BUTTON LIGHT KIT

Using our patent pending **Complete 2-piece LED Button Light Kit** and Yak-Power plug-and-play wiring, adding LED lights to your kayak has never been easier. Simply drill a hole, screw in the self tapping Button Light, plug them in, and power them up!

Our LED Button Lights feature Super Bright LEDs that are fully encapsulated into a 5/8in socket head housing with a 12ft jacketed cable and waterproof connector.

## POWER PANEL SWITCHING SYSTEM

The new **Power Panel switching system** is designed to make it quick and easy for you to add and control 12v electronics on your kayak. With 5 switched outlets, you can connect your fish finder, bait well pump, LED lighting, phone charger, and any other 12v accessory you need out on the water. All accessories are connected and controlled independently using individual buttons on the control panel. Each button turns RED when it is activated making it easy to see which buttons are in use. And, the Master Power switch allows you to completely power up-down the entire system with the press of a button to minimize your power consumption while out on the water.

The Power Port 12v Outlet is your quick and easy way to add a 12v power outlet to your kayak.

## COMPLETE LED LIGHT KIT

Why cut and splice when you can just plug-and-play? Yak-Power has completely revolutionized LED lighting for kayaks. Using our patent pending Through Hull 12v connectors and Yak-Power plug-and-play wiring, adding a **Complete LED Light Kit** to your kayak has never been easier. Simply drill a hole, screw in the Through Hull connector, plug them in, and power them up! No wires to cut, no splicing, no caulking, and most importantly no LEAKS!

All Yak-Power LED lights are designed for maximum performance, ease of installation, and reliability. Our LED light strips feature Super Bright LEDs that are fully encapsulated, and compression molded with a silicone encased connector plug that plugs directly into our Through Hull connector.

## BATTERY TERMINAL PIG TAIL

The **Battery Terminal Pig Tail** allows you to plug the Power Panel switching system, a Power Port, or your 12v accessory with a Power Plug directly to a 12V battery. The pigtail also comes with 2 ring terminal adapters for use with larger batteries that do not have spade connectors. The pig tail includes a water tight, booted fuse holder and 15A fuse.

The **Waterproof Remote Control Module** plugs directly into the Power Panel switching system for instant WIRELESS CONTROL!
